2015
TITAN®

NISSAN TITAN®

What if your truck could put a smile on your face, confidence in your hands and goose bumps all over? That would be cool. Here are just a few ways Titan® gives you an unforgettable drive.

Muscle to flex. Titan™'s powerful 5.6-litre V8 lets you bring everything you need along, with up to 9400 lbs. (4264 kg) of towing capacity.¹

Easy access. Nissan was the first to perfect the Wide Open rear door design you find on King Cab®. It makes getting in or loading up a snap.

A revolutionary bed. Titan™'s first in class Utili-track® system changed truck beds forever, giving you a whole new way to lock down your cargo.^{2,3}

Innovation that excites

WHAT IF_

EPIC CAME AS STANDARD EQUIPMENT?

Ready to expand your horizons? It's easy in the Nissan Titan.[®] Put your foot down on a powerful standard V8 engine that hits the road with up to 9400 lbs. of towing capacity.¹ And a fully boxed ladder frame and standard 4x4 handle just about any job on the list. While Titan[®]'s cabin and bed give you plenty of room. 2015 Nissan Titan[®]. No matter how epic your plans, it's ready.

Nissan Titan[®] PRO-4X[®] King Cab[®] 4x4 shown in Glacier White.

¹9400 lbs. maximum towing on Titan[®] SV King Cab[®] 4x4. See Nissan Towing Guide and Owner's Manual for proper use.

317^{HP}

385^{LB-FT}
OF TORQUE

9400^{LBS. (4264 KG)}
MAXIMUM
TOWING¹

THE FEELING OF REELING IN THE BIG ONE.

It's always a good haul with a massive 5.6-litre V8. Punch the pedal and the exhaust system growls, while 385 lb-ft of torque kicks in to get the job done. Because this is one place where you don't want to hear about the one that got away.

What's power without torque? Especially the brute force of low-rev torque, i.e., 80% under 1000 rpm and 90% under 2500 rpm. Feel confident – Titan's got it.

Give yourself an efficiency boost. The Nissan Titan features a high-flow intake that maximizes every heaping gulp of air. Molybdenum-coated pistons and microfinished valves cut friction, ramp up smoothness and let revs rise faster.

Nissan Titan® SV King Cab® 4x4 shown in Brilliant Silver. 2014 U.S. model shown.

Tow to the max. For that full 9400-lb. (4264 kg) pull, the SV King Cab® 4x4¹ boasts a lower final gear ratio, plus features like extendable tow mirrors and a heavy-duty battery.

THE FEELING OF MAKING MOLEHILLS OUT OF MOUNTAINS.

E-locker. When 4-Wheel Drive LO isn't enough for the crawl you've got planned, the available electronic locking rear differential is ready and extremely able. Flip the switch and this ultimate off-road feature delivers equal power to both rear wheels to boost traction and keep your truck moving forward.

4-Wheel Active Brake Limited Slip (ABLS). Keep your wheels from spinning. Titan® includes ABLS, a system that senses when a wheel begins to slip, then automatically brakes the slipping wheel (or wheels) and sends additional power to the wheel (or wheels) with the best traction.

Vehicle Dynamic Control (VDC). When you're on-road – and paths are better defined – traction and control are key. VDC monitors the truck's dynamic response and helps compensate for oversteer or understeer to help keep you on your steered path.²

Off-road-tuned Suspension. Take the bumps like a professional. Titan® PRO-4X®'s off-road-tuned suspension includes legendary Rancho® shocks for composure through the ugly stuff.

PRO-4X

For those who like to live off-off-off the beaten path, the only choice is Titan® PRO-4X®. With extras like electronic locking rear differential, Rancho® off-road shocks, additional underbody skid plates – not to mention unique white-faced gauges – it's got the gear, the guts, the technology to handle it in places where success is measured in metres per minute.

Nissan Titan® PRO-4X® King Cab® 4x4 shown in Cayenne Red. U.S. model shown.

¹9400 lbs. maximum towing on Titan® SV King Cab® 4x4. See Nissan Towing Guide and Owner's Manual for proper use. ²VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Rancho® is a registered trademark of Tenneco Automotive Operating Company, Inc.

NISSAN UTILI-TRACK®

INNOVATION THAT PUTS THE SUBMISSION HOLD ON CARGO.

Nissan's first-in-class Utili-track® cargo-carrying system holds a huge advantage over other trucks.¹ With five channels, including two on the bed floor, not just in the walls and header, you can have your way with cargo. Just position the four beefy aluminum-alloy cleats anywhere along the tracks, strap in your cargo, and put even the most awkward loads on lockdown.²

Nissan's revolutionary available Utili-track® system may have been copied by others, but its level of flexibility leads the way among full-size trucks. Combined with Titan®'s standard spray-on bedliner, and you've got one smart, long-lasting bed to haul what you need, work or play.²

Bedside Storage. Another smart feature you'll only find on Titan®: an available driver-side tool box. It's climate-resistant, dual-level, and lockable.

First-in-class Spray-on Bedliner! The spray-on bedliner helps resist the wear and tear of constant use, plus its UV-resistant surface helps guard against fading and the weather. And because it's sprayed on directly at the factory, it also fights warping and rust.

Tailgate Assist. Easy does it. Thanks to an available strut, the tailgate on a Titan® feels lighter and can be opened and closed with only one hand.

Bed Light and Tailgate Light. Shine a light on innovation. A pair of lights beam down into the bed; two other available task lights near the tailgate help you keep an eye on the job at hand.

120-volt AC Power. Power where you need it. Titan®'s available 120-V outlet in the driver-side rear corner of the bed is perfect for powering or charging the tools you bring along.

FOUR WALLS ARE STRONGER THAN THREE.

To build a better truck, sometimes you need to think inside the box. As in the fully boxed full-length ladder frame that's at the core of every Titan®. Some of our competitors use 3-sided open "C" rails instead. But you don't need to be a structural engineer to know the obvious – when building, four walls are stronger than three.

Titan®'s Boxed Frame Conventional C-rail

At its core, every Titan® stocks a fully boxed ladder frame, plus components built for no-nonsense performance.

- ① **Dana® axles** are built for durability. Wherever there's a drive wheel, there's a Dana® axle.
- ② **Heavy-duty suspension** gives a smooth ride and firm, responsive handling. Double-wishbone up front, and multi-leaf springs in the rear.
- ③ **Rancho® shocks** set the standard for off-road toughness. Just what you'd expect from Titan® (exclusive to PRO-4X®).
- ④ **Beefy brakes** provide maximum contact area for rapid heat dissipation, long-lasting durability and confident towing.

Some components have been chrome-plated or painted for display purposes only. ¹Global Automakers of Canada (GAC). Large Pickup Segmentation. ²Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. ®Dana is a registered trademark of Dana Corporaion. ®Rancho is a registered trademark of Tenneco Automotive Operating Company, Inc.

Titan® takes your comfort personally – even if you have to share sometimes. Premium details include a memory function that locks in the perfect settings for your driver's seat, outside mirrors and power adjustable pedals.¹ Dual Zone Automatic Temperature Control (ATC)¹ that lets you and your front passenger set your own climates. And when the temperature dips outside, heated front seats warm things up.¹

Nissan Titan® PRO-4X® Crew Cab 4x4 shown in Charcoal Leather with PRO-4X® Option Package.

RearView Monitor. Titan®'s RearView Monitor not only helps you see what's behind you, but comes in real handy when you're hitching a trailer.^{1,3}

Bluetooth® Hands-Free Phone System lets you make and take calls with your hands on the wheel!^{1,4}

120-volt AC power. A 120-volt outlet means you can charge your laptop while it's safely concealed in the console.¹

10-speaker Rockford Fosgate®-powered audio system, including SiriusXM® Satellite Radio, makes your tunes sound their best.^{1,5}

Nissan Titan® SL Crew Cab 4x4 shown in Charcoal Leather. U.S. instrumentation shown.

NissanConnect^{SM1,2} YOUR WORLD, AT YOUR FINGERTIPS.

With the available NissanConnectSM with Mobile Apps, your Titan® becomes your smartphone's best friend. Which means no more separation anxiety for you. Because now, your own hand-picked music, Facebook® news feed, latest tweets, TripAdvisor® tips, and more all come along for the ride, working seamlessly together through Titan®'s audio system. And it keeps on getting better: the basic app package is complimentary for the first three years.^{1,2}

Your Titan® also keeps you in the loop with the available Nissan Navigation System (featuring voice recognition),⁶ hands-free text messaging,⁷ Bluetooth® hands-free calling and streaming audio,⁴ plus an iPod®/USB input.⁸

¹Available feature. ²Driving is serious business. Only use NissanConnectSM services when safe to do so. Subscription Agreement required. Compatible smartphone required. Not all app features are available for all models. Some apps have late availability. May require dealer service visit or software upgrade to activate. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Cellular network not available in all areas. Cellular network, apps, and services, including Google® services, are provided by independent companies not within Nissan's control and may require subscription and owner consent to activate. Should provider terminate/restrict service, service may be terminated without notice or liability to Nissan and/or its agents. Nissan not responsible for any equipment or app replacement/upgrades, or associated costs, that may be required for continued operation. Terms and conditions of Subscription Agreement apply. 36-month trial period starts on vehicle sale date; subsequently a paid subscription is required at the then current rate. Standard text rates and/or data usage may apply. See retailer and check www.Nissan.ca/NissanConnect for details. ³Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ⁴Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. ⁵XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiguous United States. Basic monthly subscription required and sold separately after trial period. NavTraffic®/SiriusXM® Traffic is available in select North American markets. In Canada, at time of printing, incident and flow data is available for 12 metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Toronto, Ottawa, Montreal, Quebec City, Hamilton, St. Catharines, Kitchener, Guelph, and London). GO WIDE – KING CAB.®

The Wide Open rear doors on Titan® King Cab® make entering or loading the cabin a snap. Other trucks out there may have imitated the design, but Nissan was the first to perfect the Wide Open door. And with no B-pillar to get in the way, plus a fold-up rear bench seat, your cargo flexibility is as wide open as your doors.

- Two available seating configurations: 6-passenger with front bench seat or 5-passenger with front captain's chairs
- Standard rear fold-up bench seat and a flat loading floor for more usable area

Nissan Titan® SV King Cab® 4x4 shown in Almond Cloth. U.S. model shown.

GO LONG – CREW CAB.

As in one of the longest Crew Cab beds in its class.¹ Plenty of room for whatever you need to bring along – work or play. While inside the massive cabin, you'll find an impressive amount of head room and leg room and an overall passenger volume that's sure to inspire jealousy.

- 5-passenger seating with front captain's chairs
- Huge interior with 3557 L (126 cu. ft.) of passenger room
- Two available bed lengths:

BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive lease and purchase options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program or the New Canadian Program designed just for you. Please visit our website Nissan.ca/finance to explore all of the options available. We have also made it easy to pre-qualify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2015 Nissan is covered by a 3 year/60,000 km⁵ Comprehensive New Vehicle Warranty, a 5 year/100,000 km⁵ Powertrain Warranty, an 8 year/130,000 km⁵ Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you'll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It's our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

Security+Plus™ Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there's no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

Nissan's environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF.[®] Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing through energy-efficient practices in our plants around the world.

■ Standard □ Optional [P] Part of PRO-4X® Option Package

The Nissan Safety Shield.® Over 50 standard safety features, including six standard airbags and front-seat Active Head Restraints. All with one goal in mind: to help you and your loved ones be safe.³

Six standard airbags. Start with dual-stage supplemental front airbags, including an occupant-classification sensor. If the front-passenger seat is empty, for example, the sensor deactivates that airbag. Built into the front seats are seat-mounted side-impact supplemental airbags. They even move with you when you adjust your preferred seating position. Up above are roof-mounted curtain supplemental airbags for both rows. They work to help provide enhanced head protection for outboard occupants.³

Ready with a rollover sensor. In the unlikely event of a rollover, Titan® has already thought ahead. Every Titan® has a sensor that detects an impending rollover, then deploys the curtain airbags to help protect you.³

Should provider terminate/restrict service, service may be terminated without notice or liability to Nissan and/or its agents. Nissan not responsible for any equipment or app replacement/upgrades, or associated costs, that may be required for continued operation. Terms and conditions of Subscription Agreement apply. 36-month trial period starts on vehicle sale date; subsequently a paid subscription is required at the then current rate. Standard text rates and/or data usage may apply. See retailer and check Nissan.ca/NissanConnect for details. ³Airbags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, in addition to any other requirement of applicable law, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated airbags shown for illustration purposes only. Actual coverage area may differ. Airbags deflate after deployment. The Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence.
